Dive into **THE BLUE**

**...for an unforgettable journey of intrigue, adventure, and romance.**

Sheryl Jansen is a clerk in the Intelligence Division of the American Embassy in Athens, Greece. Just as she discovers that Kostas, her Greek boyfriend, is not the loyal lover she thought he was, she encounters Andre Bell, a San Francisco-based architect and self-help junkie, vacationing on a remote Greek island. Together they make a startling discovery beneath the boyfriend's villa which connects them profoundly and unpredictably. Sheryl's magical relationship with water becomes even more compelling when pictures of her distant past emerge into her awareness. As events conspire to keep Andre and Sheryl apart, larger movements in the firmament propel them toward each other like two ancient stars on a predestined collision course.
